

Pup Crawl & Cat Walk at eggersmann Chicago

The [eggersmann Chicago showroom](#) and other River North Design District businesses were full of furry friends and their fans as they hosted the first annual [Pup Crawl & Cat Walk](#) in support of PAWS Chicago.

More than 300 attendees were on hand to meet the pups and cats up for adoption and to bid on designer pet items created by local designers and architects.

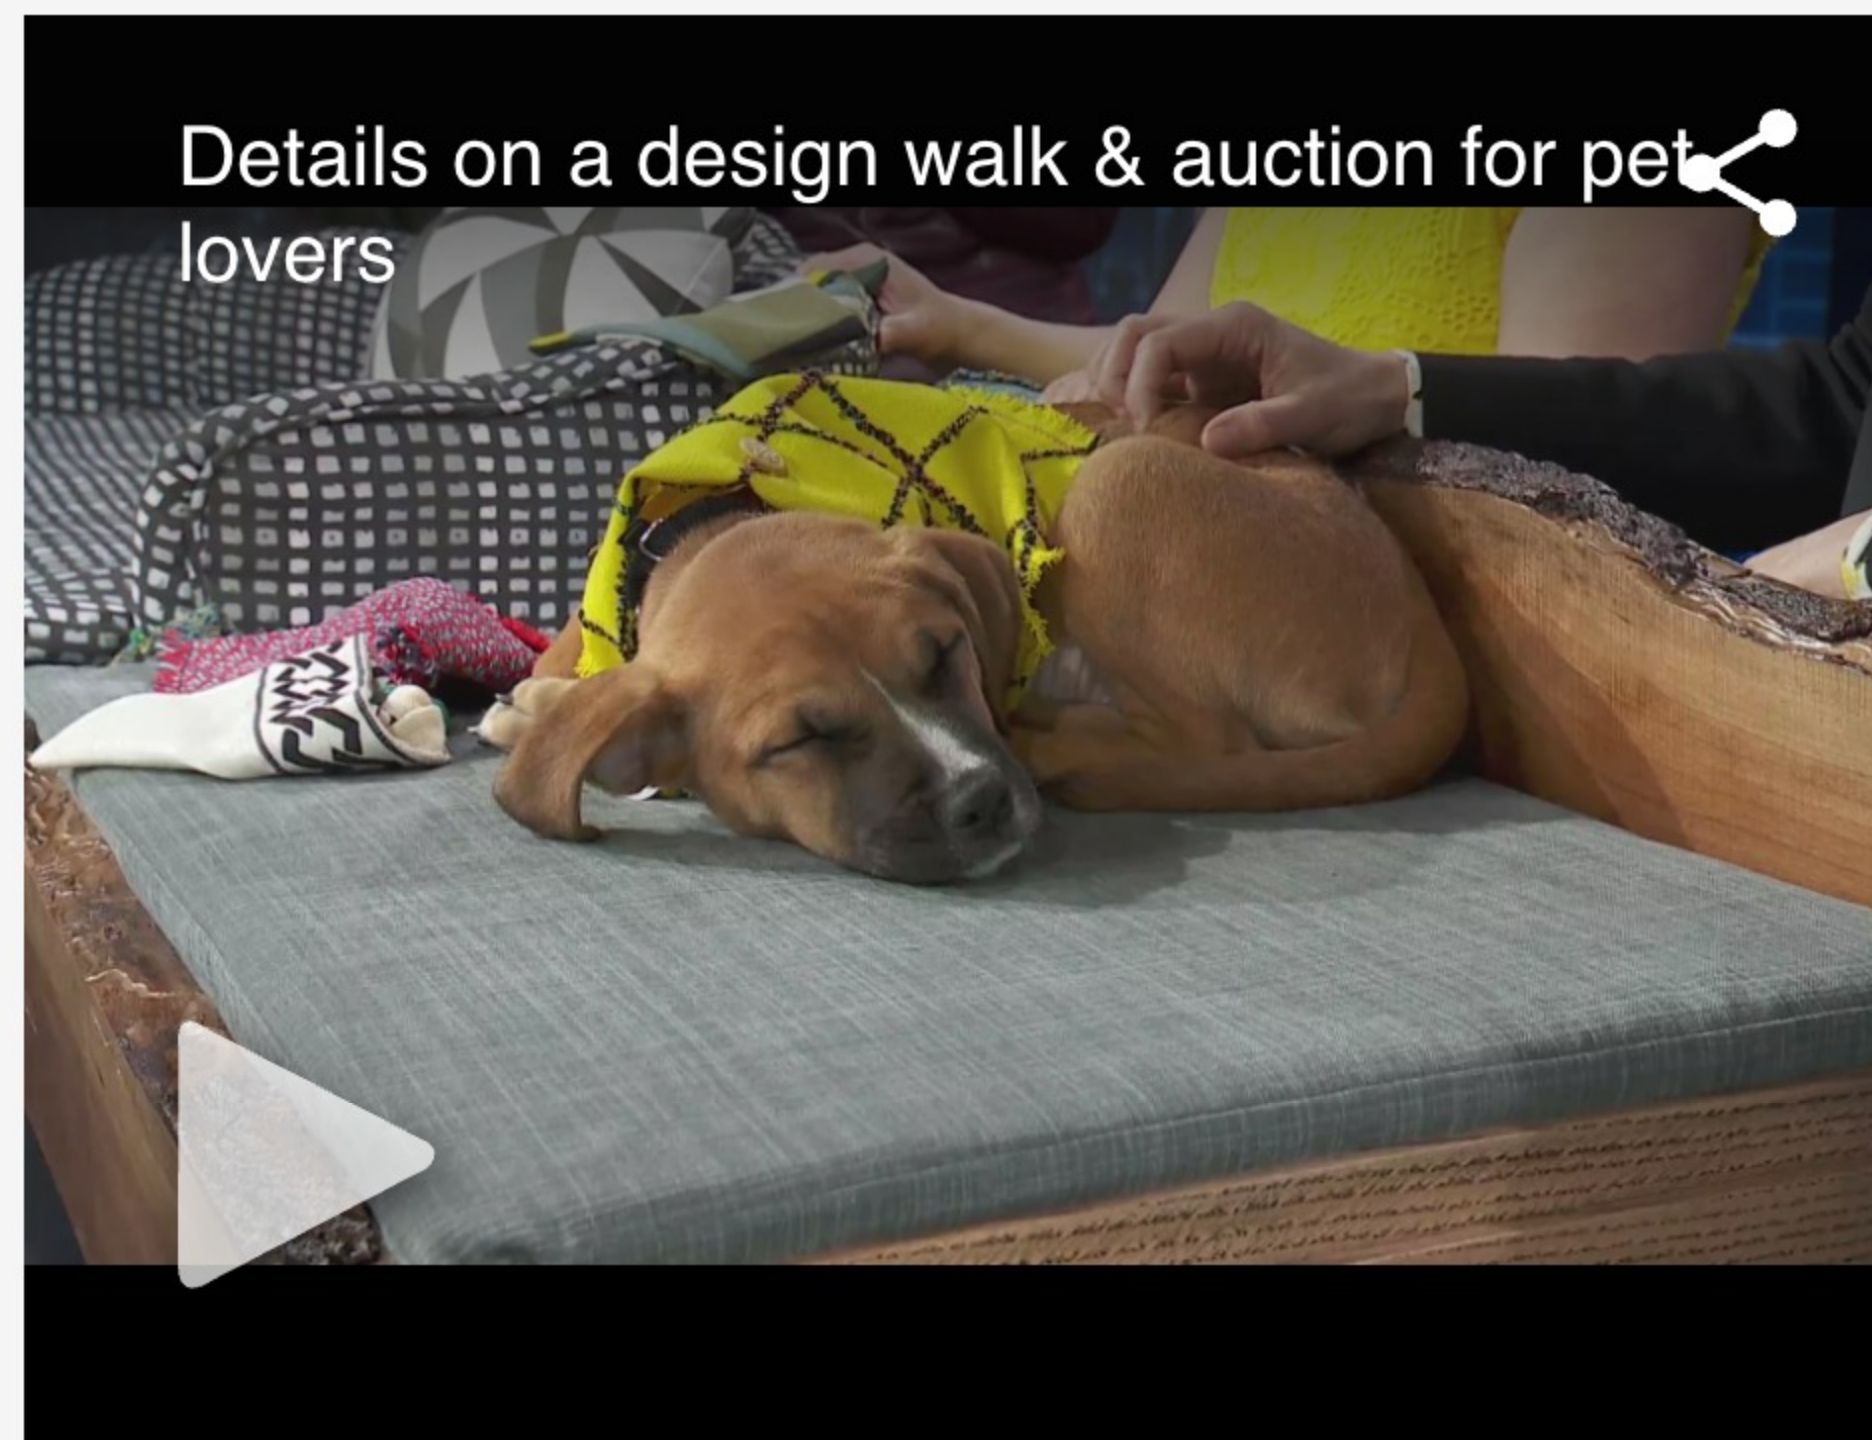

The designer-created pet fashion and accessories were amazing. See some of the [pet-themed auction items](#). In our eggersmann showroom, we were thrilled to partner with [Mindy Viamontes, local Chicago architect](#), who design adorable doggie bandanas from luscious Holly Hunt and Noel fabrics. Talk about *haute dogs!*

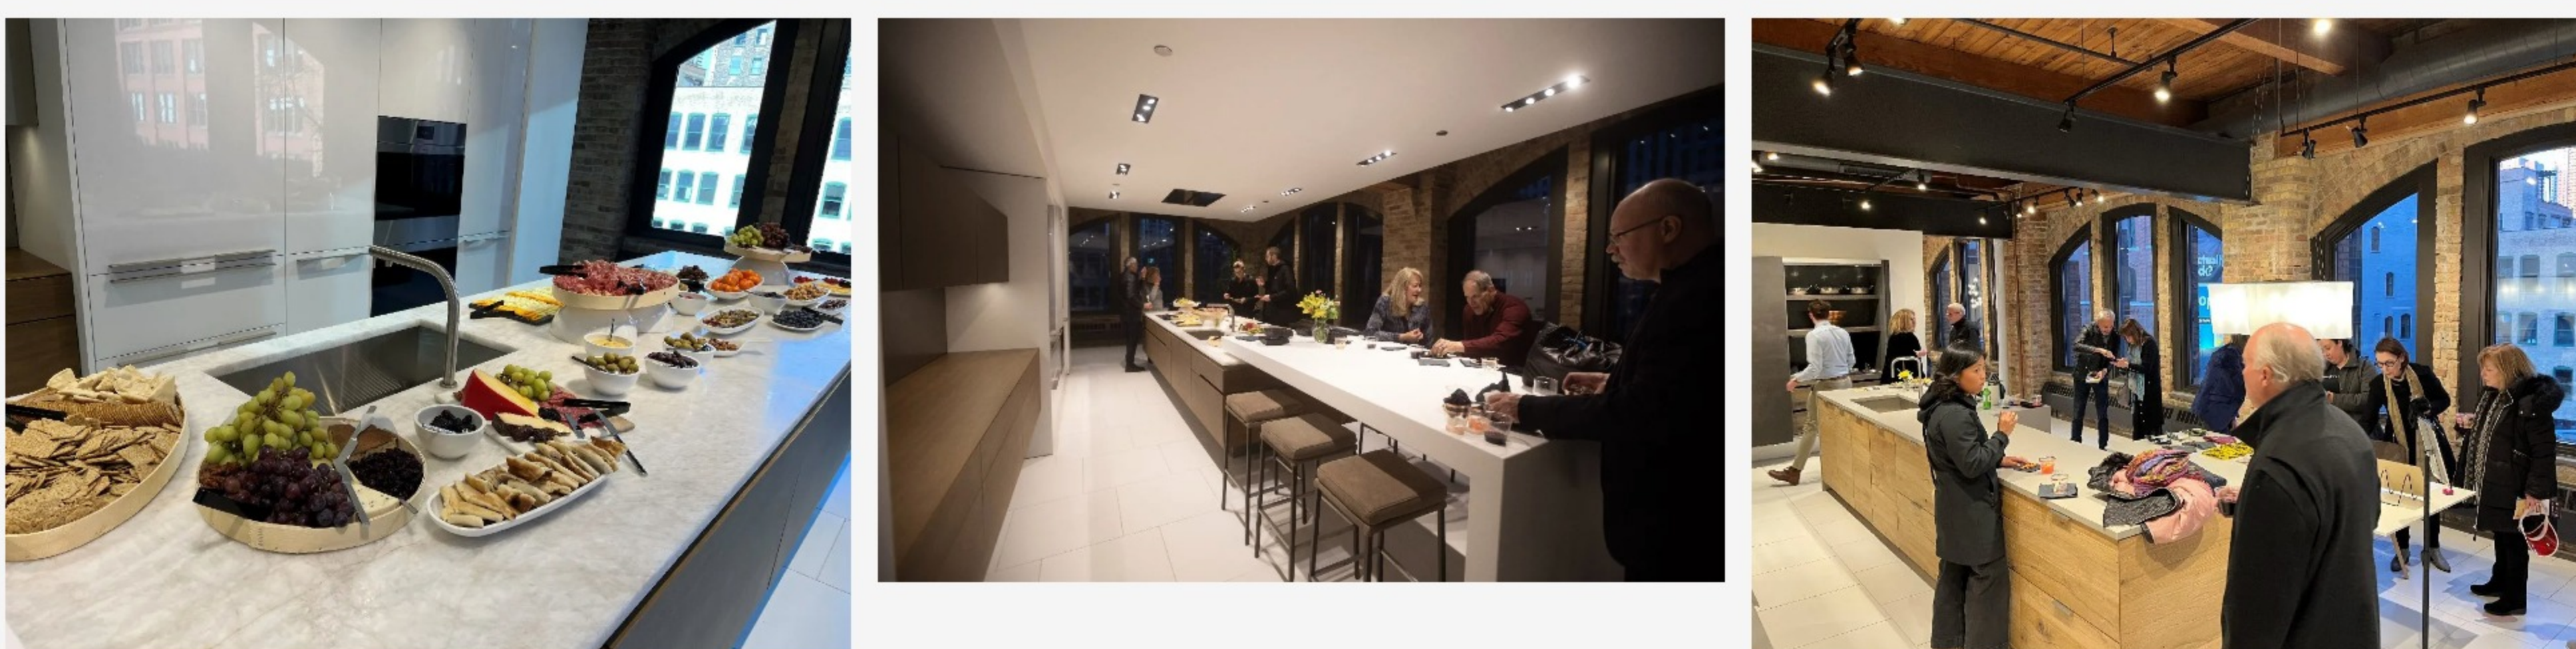

The entire eggersmann Chicago team got in the spirit of supporting our furry friends. Check out the cat scratcher tree they built from cabinet door samples.
